## Traffic accidents outside school

This afternoon a senior school boy was nearly knocked over on the corner of our slip road when he crossed without checking the traffic.

According to the driver it was very near miss. One problem in our slip road is cars parked on the pavement making it difficult for pedestrians to walk on the pavements. Another is some drivers forget to stop at the junction at Coombe Street and finally cars parked on the double yellow lines by the Prep School make it extremely hazardous for anyone trying to cross the road as cars negotiate the corner.

Could I please ask all our parents to be more aware of the hazards where children are concerned as they are parking. Thank you

## Congratulations
